About Us

DermaProof Asia, formerly known as Spincontrol Asia was founded in 2003. It was initially as a subsidiary of a start-up from one French University and then renamed as DermaProof Asia in 2023.

DermaProof Asia is an independent laboratory specializing in evaluating the efficacy and safety of dermo-cosmetics by conducting in-vivo tests on healthy Asian volunteers.

With 20 years of experience in the field of dermo-cosmetic efficacy and safety evaluation, our foundations are solid and our expertise is well recognized. We are committed to providing high-quality services to be a leading laboratory for performing clinical studies in Asia. Our clients come from all over the world: South East Asia, China, Korea, Japan, Europe, North America and more ...

We strive for continuous improvement through training and innovation and we value our employees, clients, vendors and business partners.
